By Subject

Abortion
Chile: **7,** 143–147
Joint Program for the Study of Abortion (JPSA): **7,** 137–143
Korea: **3,** 62
Legal Aspects of: **4,** 84–86
  Eugenic grounds for: **4,** 87
  Humanitarian grounds for: **4,** 86–87
  Medical grounds for: **4,** 85
  Romania: **10,** 205–210
  Socioeconomic grounds for: **4,** 85
Male attitudes toward, Chile: **7,** 145–147
Tunisia: **5,** 109
United States
  Complications of: **7,** 137–143
  Complication rates: **7,** 141–143
  Procedures: **7,** 139–140

Acceptor Characteristics
Hong Kong: **11,** 226–227, 229–230
Morocco: **5,** 105–107
Philippines: **5,** 114–118
Sierra Leone: **10,** 217–218
Singapore: **12,** 258
Tunisia: **5,** 102–104
United States, Abortion: **7,** 137–138
Venezuela: **8,** 175–176

Age Specific Fertility Rates: 9, 197–201

Age Structure
Korea: **3,** 75
Philippines: **5,** 115–116
Sierra Leone: **8,** 158–159; **10,** 212–215

Agent System, Korea: 11, 237–240

Birth Control
Catholic parish priests and: **6,** 121–136
Legal aspects of: **4,** 82–88
  Romania: **10,** 205–210

Birth Rate
Annual, expected: **2,** 52
Crude: **2,** 54
Korea: **3,** 77
Taiwan: **3,** 64

Births averted: 2, 52–54
Estimation of: **9,** 197–201
  Hong Kong: **3,** 71–72
  Parity approach: **9,** 199–201
  Standard approaches: **9,** 197–199

Communications, see Information and Education

Continuation Rates
Clinic dropout study, Mexico City: **9,** 192–196
Hong Kong: **11,** 226–231
Singapore: **12,** 257–259

Contraception
Acceptability of, social and psychological factors affecting: **1,** 15–17
Assumptions about: **1,** 3–4
Births averted by: **9,** 197–201
Characteristics of: **1,** 15
Desirable methods of: **1,** 17–18
Improved methods of, potential impact of: **1,** 14–15
Legal aspects of: **4,** 83–84
Marital experiences with, Santiago, Chile: **7,** 145–147
Morality of: **6,** 126–127
One-method family planning program, inadequacy of: **1,** 1–6
Pastoral view on: **6,** 131–134
Postpartum family planning program: **12,** 248–256
Specifications: Report on a Workshop: **1,** 14–19
Use of, effects of: **6,** 127–128

Contraception: Intrauterine
Compared to oral: **12,** 250–258
Effectiveness of: **1,** 3–4
Hong Kong: **3,** 71; **11,** 225–233
Korea: **3,** 60–61
  Checkup visits and: **5,** 110–112
Morocco: **5,** 105–107
Postpartum: **12,** 249–258
Polypropylene loops: **1,** 19–20
Taiwan: **1,** 2–5; **3,** 64
Thailand: **8,** 166–170; **9,** 191
Tunisia: **5,** 102–104

Contraception: Oral
Compared to IUD: **12,** 250–258
Hong Kong: **3,** 70–74
Korea: **3,** 61–62
Postpartum: **12,** 249–256
Singapore: **12,** 257–259
Taiwan: **3,** 64
Thailand: **9,** 188–191

Contraception: Sterilization
India: **12,** 242–247
Legal aspects of: **4,** 87
Pakistan: **12,** 242–245
Thailand: **9,** 185–191
Tunisia: **5,** 102, 104, 109

Contraception: Traditional
Condom
  Morocco: **5,** 107
  Singapore: **12,** 257–259
Rhythm clinics, Catholic: **6,** 134
Rhythm, Philippines: **5,** 117–118

Death Rates
Infant: **2,** 41
Maternal: **2,** 40–41
Taiwan: **3,** 64

Demographic Surveys
Abortion complications, United States: **7,** 137–139
Korea: **3,** 74–78
Sierra Leone: **8,** 153–165; **10,** 211–222
